Secretary,
State Department of Education,
Albany, N. Y.

Dear Sir:

I wish to bring the enclosed circulars to the attention of the teachers of Music and Spanish in the schools of New York State, and write to ask-- if this circularization meets with your approval-- if you will kindly send me some catalogue or directory issued by the State Department of Education, listing the names of teachers and the subjects taught in the different school districts; or, at least, the principals of the high schools in such districts throughout the State? On account of the large school population in the City of New York, I have made a special request to the Secretary of the Board of Education of that city, but will greatly appreciate your courtesy if you can help me get in touch with the other school teachers of the State. I believe my "Spanish Songs of Old California" will find as warm and sympathetic a welcome in New York as they have found in other states.

Assuring you of my appreciation of any courtesies extended me in this matter,

Respectfully yours,
